

17 March 1979

MEMORANDUM FOR: Legislative Counsel
FROM: Director of Central Intelligence
SUBJECT: Conversation with Congressman Don Bailey,
16 March 1979 []

25X1

Congressman Don Bailey of Pennsylvania called me on 16 March. He indicated he had correspondence from a constituent who had done a great deal of research about a brother who has been missing for over 20 years. He feels the brother disappeared in connection with some sort of a government testing program, either military or CIA. He avers there was some CIA investigation of this years ago. Congressman Bailey would not like this to hit the press and be another criticism of the Agency. He is therefore trying to be helpful in sending me a cover letter that will give us this material and let us reply to him promptly. I asked him to send it to me marked personal so that I would ensure it got quick attention. []
